TRUSTEES' REPORT

Structure, governance and management

The Church Schools of Cambridge (The Trust) is a registered charity, number 311326 and was founded as the Old Schools Trust in 1703 by the Rev'd William Whiston who raised funds from senior figures at the University to start seven schools which provided schooling for 260 poor children in Cambridge. The Church Schools of Cambridge changed its name from the Old Schools Trust in the 1990'a and it now owns four primary schools in the City of Cambridge – St Luke's, St Paul's, St Philip's and Park Street and has a quarter interest in St Bede's. The main activities of the trust are the provision of buildings and financial support to its four primary schools as well as managing and funding activities that support the general provision of Religious Education and Collective Worship in schools in the Cambridge area and conducting research into the delivery of spiritually enriching education.

The Trust is managed by Trustees and as outlined in the Charity Commission scheme of the 3rd January 2008. All Trustees must be members of the Church of England. The incumbents of the parishes in which our four schools lie are all Trustees ex officio. Trustees are appointed for 4 years and maybe reappointed.

A meeting of full Trustees is held once a term, at these meetings trustees agree broad strategy, receive project and grant updates, review financial position including investments and spend, review risks and approve strategic decisions. Day to day management of Trust activities is overseen by the Executive Committee of Trustees who with the Director implements the strategic decisions, allocate funding and oversee the organisation.

All Trustees give their time freely and once a year disclose all relevant interests, at each meeting any conflict of interest is declared. Where, exceptionally, a Trustee has a material interest in a decision or project, they do not take part in its consideration.

The Trust works closely with its four primary schools and with St Bede's through the Head Teachers, Governing bodies, and staff. It also maintains a relationship with the six other Church of England schools in the parishes within its area of benefit. It has close links to the Churches in Cambridge, particularly with those parishes where the schools lie. It has strong mutual links with the Diocese of Ely: the Director is a co-opted member of the Diocesan Board of Education and the Diocesan Director of Education is a Trustee. Through our support for projects, we have operational links to several local organisations including Romsey Mill, GenR8, Cambridge Heritage and Great St Mary's Heritage Centre.

Risk management

The trustees have considered the major financial and other risks to which the charity is exposed and have documented these in a risk register. The Trustees consider that a key risk is that any of our schools fail to deliver the desired excellent education to the children who attend them. We seek to support the Local Authority, the Diocese of Ely, and the Department for Education in their responsibility to continuously improve the quality of education that is provided. Another key risk is the possible impact of changes in school funding and changes in governance arising from the Government's national policy on academies. The trust is actively seeking, together with the schools and the Diocese the best approach for the future.

The main operational risks include structural problems with our four school buildings. This is addressed by regular structural and condition surveys in order to identify immediate and long term issues. The Trust intends to strengthen its property management support during 2017.

Aims and objectives

The vision of the Trust is to, 'grow Christian environments where children can learn and flourish'. It seeks to undertake this vision through three objectives which are listed with the Charity Commission as:

- 1. Develop, maintain and repair the school property of four City schools
- 2. Provide grants to promote the education of persons under the age of 25 years within the City of Cambridge

TRUSTEES' REPORT (continue)

3. Promote education within the City of Cambridge, according to the principles and doctrines of the Church of England by means including Sunday Schools

The Trust carries out these principles both directly and through supporting other organisations. We consider capital projects to improve our schools, lead activities such as exhibitions and Footprints of Faith (school walking tours), support activities such as the Diocese educational improvement programme, parenting classes and prayer spaces which are led by other organisations. The programme of activities is reviewed annually.

The Trustees have regard to the Charity Commission guidance on Public Benefit. All Trust activities are undertaken in accordance with its charity objectives and therefore ensuring that they deliver public benefit in relation to the work the Trust does with its four schools, through its work in partnership with others in Cambridge and in promoting what the Trust supports through its newsletter (produced each term), website and social media activities.

Achievements and performance

The trustees are pleased with the following activities it has supported during 2016:

1. Development, repair, maintenance and insurance of church schools

The trust supports the upkeep and building works of its four 'core' primary schools by providing the 10% required by all voluntary aided schools toward the cost of capital projects. Key projects during 2016 included; roof canopy replacement at St Philip's, new windows at St Paul's, roof repairs at St Luke's and classroom refurbishments at Park Street.

2. Grants to promote education

The Trust continues to provide a small annual grant to each of its four primary schools as well as St Bede's which is the only faith based secondary school within the City. This grant is used for additional activities that support the learning needs of the school children.

In addition, the trust provides a grant to GenR8 to deliver Inspire which aims to give primary school children in and around Cambridge, the chance to explore the use of prayer and reflection from a broadly Christian perspective by setting up activities within the Church linked to the school or within the school building.

The Trust sponsors Thirst which is a 'Church' for families based around St Philip's primary School, led by Sue Butler, it is a 'fresh expression' with a Bishop's Mission Order. We have funded Romsey Mill to provide three out of school support groups in Cambridge, sponsored research into class based Collective Worship and provided small grants to Sunday Schools through administering the Jesus Lane Trust.

3. Educational projects

The Trust continues to work closely with the Diocese of Ely Board of Education to encourage improvements at schools within the Diocese and, particularly within Cambridge. The Diocese provides expert guidance and support for Head Teachers and staff to enable them to develop and grow.

During 2016, the Trust led two exhibitions, hosted by Cambridge churches, to give local primary school children the space to explore all aspects of faith. These were organised around major Christian festivals. The trust has further developed Footprints of Faith which are self-guided walks around Cambridge city centre to help children learn more about the history of Cambridge and the influence of Christian thinkers – a Human

TRUSTEES' REPORT (continue)

Rights, Science and Catholic theme are complete with a faith walk and streets through time are in development.

The Trust piloted a Lay Chaplaincy in Schools course which forms one of the specialisms within the Diocese of Ely Authorised Lay Ministry course. This course ran from January to July 2016 and 10 people successfully completed the course. Over half of the candidates have found positions within schools with one of the course candidates working as a Lay Chaplain within St Luke's.

We continue to support a children's choir "Shout Aloud" and provide bibles to those leaving from Year 6 of our schools.

Monitoring achievement

Trustees meet annually to review the programme of supported activities and to ensure that these activities met the aims and objects of the Trust and deliver public benefit. We look at emerging education issues in relation to the four schools we own and schools throughout Cambridge. We also seek to develop strategic and operational links with other Christian organisations and related parties.

During 2016 we saw an increase in spend from 2015 levels due to an increased capital works and the start of new projects and initiatives, a new application and monitoring process has been introduced to support these.

Financial review

All Trust investment is held primarily for the purpose of providing an investment return with the majority of it held as restricted funds. Therefore the Trusts financial support to its four primary schools and wider educational activities is reliant on the income it receives from its unrestricted investments. This is supplemented with income raised from the solar panels installed at its four primary schools and from rental income. The Trust also acts as an agent for Devolved Formula Capital (DFC) and Locally Controlled Voluntary Aided Project (LCVAP) two sources of government funding for capital projects on behalf of its four schools

The Trust's total income in 2016 was £477,021 and its total expenditure was £317,102, excluding investment gains which were £677,900 in 2016 (2015: £97,215).

Reserves policy

The Trust expenditure varies over time according to the need for school repairs, the opportunity for development work through external (primarily government) funds and partner activity linked to the aims and objectives of the Trust. The Trust through regular budget reviews and forward planning activity aims to keep sufficient reserves to maintain the school buildings for which it is responsible and to support activities that benefit the children whom we serve. It is the Trustee policy, therefore, to pass surplus income to reserves in years of lower expenditure to enable it to utilise those reserves to fund years of greater development activity.

Each year, Trustees review committed grant and project activity spend it makes to the schools and to other bodies in light of current income, projected expenditure and available resources and Trustees believe its resources are adequate to meet current commitments and potential liabilities.

Plans for the future

The Church Schools of Cambridge has been supporting primary education in Cambridge for over 300 years and will continue to do so in the following areas;

TRUSTEES' REPORT (continue)

- Cement relationships with its four schools and with the wider Cambridge church schools network and associated Cambridge churches and their organisations
- Create strategic alliances with the Diocese of Ely, with other Christian organisation such as Romsey
 Mill and with other education partners
- Support its four schools in relation to the government's academy agenda and in relation to other school provision opportunities
- Fund activities that support the Church School ethos and that will help children flourish and achieve their full potential
- Review organisational procedures and policies to ensure they are fit for purpose
- Review the role of the Trust in relation to its schools and possible future support for education delivery in its area of benefit in light of expected academisation of schools.

Trustees' responsibility in relation to the financial statements

The trustees are responsible for preparing the Trustees' Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England & Wales requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP 2015 (FRS 102), as amended by the SORP update Bulletin issued in February 2016;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Approved by the trustees and signed on their behalf by:

Dr K Carne

Honorary Treasurer

Date: 28th Softember 2017

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES OF THE CHURCH SCHOOLS OF CAMBRIDGE (THE OLD SCHOOLS)

We have audited the financial statements of The Church Schools of Cambridge (The Old Schools) for the year ended 31 December 2016 which comprise the Statement of Financial Activities, the Balance Sheet and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" as amended by the SORP update Bulletin issued in February 2016.

This report is made solely to the charity's trustees, as a body, in accordance with regulations made under section 154 of the Charities Act 2011. Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of trustees and auditor

As explained more fully in the Trustees' Responsibilities Statement set out on page 5, the trustees are responsible for the preparation of financial statements which give a true and fair view.

We have been appointed as auditor under section 144 of the Charities Act 2011 and report in accordance with regulations made under section 154 of that Act. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of:

- whether the accounting policies are appropriate to the charity's circumstances and have been consistently applied and adequately disclosed;
- the reasonableness of significant accounting estimates made by the trustees;
- and the overall presentation of the financial statements.

In addition, we read all the financial and non-financial information in the Trustees' Annual Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 31 December 2016, and of its incoming resources and application of resources, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice applicable to Smaller Entities; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES OF THE CHURCH SCHOOLS OF CAMBRIDGE (THE OLD SCHOOLS) - continued

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Charities Act 2011 requires us to report to you if, in our opinion:

- the information given in the Trustees' Annual Report is inconsistent in any material respect with the financial statements; or
- sufficient accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2016

1 Accounting policies

The principal accounting policies adopted, judgements and key sources of estimation uncertainty in the preparation of the financial statements are as follows:

a) Basis of preparation

The financial statements have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) issued on 16 July 2014, as amended by the SORP Update Bulletin issued in February 2016, and the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS102), the Charities Act 2011 and UK Generally Accepted Practice as it applies from 1 January 2015.

The financial statements have been prepared to give a 'true and fair' view and have departed from the Charities (Accounts and Reports) Regulations 2008 only to the extent required to provide a 'true and fair view'. This departure has involved following Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 16 July 2014 rather than the Accounting and Reporting by Charities: Statement of Recommended Practice effective from 1 April 2005 which has since been withdrawn.

The Trust constitutes a public benefit entity as defined by FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy note.

The financial statements are presented in sterling, which is the functional currency of the charity.

b) Reconciliation with previous Generally Accepted Accounting Practice

In preparing these accounts, the Trustees have considered whether in applying the accounting policies required by FRS 102 and the Charities SORP FRS 102 the restatement of comparative items was required. The date of transition was 1 January 2014. The effect of the change to FRS 102 has been fully explained in note 19.

c) Going concern

The trustees consider that there are no material uncertainties about the charity's ability to continue as a going concern. As such, they continue to adopt the going concern basis of accounts in the financial statements, which assumes the charity will continue in operational existence for the foreseeable future. The Trustees have given due consideration to the working capital and cash flow requirements of the charity for at least 12 months from the date of signature of the accounts.

d) Fund accounting

Unrestricted income funds comprise of funds which the trustees are free to use for any purpose in the furtherance of the charitable objectives.

The Trust also has a number of restricted income funds to account for situations where a donor requires that a donation must be spent on a particular purpose or where funds have been raised for a specific purpose.

Further details of each fund are disclosed in note 17.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2016

e) Income

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received and the amount of income receivable can be measured reliably.

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the charity, this is normally upon notification of the interest paid or payable by the bank. Dividends are recognised once the dividend has been declared and notification has been received of the dividend due. This is normally upon notification by the investment advisor of the dividend yield of the investment portfolio. Income from Government Securities is recognised when it is received. Income accrued and not received on these securities at 31 December is included in the market value of the investments held.

Rental income under operating leases is charged to the profit and loss accounts on a straight line basis over the terms of the lease.

f) Grants

Grants received for special projects are credited to the Income and Expenditure Account when the charity has been entitled to the monies and can be measured with reasonable accuracy.

Capital grants are recognised when receivable and are not deferred over the life of the assets on which they are expended. Where the restriction is fulfilled by the purchase of fixed assets, the restricted income is released via transfer to the unrestricted funds of the charity.

g) Expenditure and irrecoverable VAT

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably. All expenditure is accounted for on an accruals basis and relates to the charitable activities. VAT is charged as a cost against the activity for which the expenditure was incurred.

h) Allocation of support costs

Support costs are those functions that assist the work of the charity but do not directly undertake charitable activities. Support costs include back office costs, finance, personnel, payroll and governance costs which support the Trust's activities. These costs have been allocated to expenditure on charitable activities. The bases on which support costs have been allocated are set out in note 6.

i) Depreciation

All assets costing more than £500 are capitalised at their historical cost when purchased.

Depreciation is provided on all tangible fixed assets at rates calculated to write off the cost on a straight line basis over their expected useful economic lives as follows:

Mobile classrooms

10% on cost

Leases

2% on cost

Assets are reviewed for any indications of impairment at each balance sheet date.

School buildings are not included on the balance sheet however details of the insurance values of the school properties are included within note 12.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2016

j) Investments

Investments are a form of basic financial instrument and are initially recognised at their transaction value and subsequently measured at their fair value as at the balance sheet date using the closing quoted market price (the bid price). The statement of financial activities includes the net gains and losses arising on revaluation and disposals throughout the year.

The charity does not acquire put options, derivatives or other complex financial instruments.

The main form of financial risk faced by the charity is that of volatility in equity markets and investment markets due to wider economic conditions, the attitude of investors to investment risk, and changes in sentiment concerning equities and within particular sectors or sub sectors.

k) Debtors

Sundry debtors are recognised at the settlement amount due. Accrued income is included at the best estimate of the amounts receivable at the balance sheet date.

I) Cash at bank and In hand

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

m) Creditors

Creditors are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors are normally recognised at their settlement amount after allowing for any trade discounts due.

n) Financial instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

p) Pensions

Employees of the charity are entitled to join a defined contribution 'money purchase' scheme. The charity contribution is restricted to the contributions disclosed in note 10.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2016
